

Vendor & Allowance Matrix

Manage vendor IDs, default allowances, and map SKU commission rates dynamically. Changes applied here immediately take effect in the Audit Engine.

+ Add/Edit Vendor Profile

Vendor Name (e.g., KRAFT HEINZ)

Costco Vendor ID (Exact match required)

Default Spoils Allowance % (e.g., 0.75)

0.75

Save Vendor Profile

+ Add/Update SKU Rates

Select Vendor

DAESANG

Costco Item # (SKU)

Commission %

0.00

Spoils Override % (0 = Use Vendor Default)

0.00

Save SKU to Matrix

+ Current Active Directory

DAESANG (ID: 0010006727) | Base Spoils: 0.75%

Costco Item #	Commission Rate	Spoils Rate
1570571	3.0%	Vendor Default (0.75%)
1793017	3.0%	Vendor Default (0.75%)
1908395	5.0%	Vendor Default (0.75%)
1990882	5.0%	Vendor Default (0.75%)
2059134	5.0%	Vendor Default (0.75%)

+ Backup & Restore

The matrix auto-saves to disk on every change, but a GitHub redeploy wipes that file. Download a backup after making changes, and restore it here after any redeploy.
